“A great place for a wedding!

“After touring multiple venues we chose Tierra Retreat Center and are very happy with the experience! Tierra's focus on sustainability and it's location in the woods was a great match for us. The facility's manager, Jen, was a pleasure to work with. Everything worked as advertised and our guests had a great time. Our guests commented quite a bit how much they enjoyed the space and nature. Whenever we had questions about the facility during our wedding weekend, the staff were quick to respond. Would recommend.”

“Tierra was a wonderful place to get married and have a wedding weekend. Our guests loved staying onsite. The lighting in the amphitheater at 4pm in August was beautiful and we enjoyed the reception on the main lodge lawn. Jen was a delight to work with – great communication. We were worried about smoke and it being too hot but ended up with yellow jackets and a lightning storm instead. “

“We had our wedding last weekend at Tierra and it was AMAZING. Such a beautiful space, perfect for really any size gathering, and Jen is so helpful with questions or providing suggestions, a picture of their inventory,

whatever. Plenty of tables and chairs, and great to be able to reuse decor from other couples. Only suggestion would be to prepare your guests to help DIY, but that's part of what made the weekend so fun and special!"

## **2025 Wedding Reviews**

"My wife and I booked our wedding and rehearsal dinner here. Our guests loved it and the wedding went off without a hitch. The lodge is wonderfully maintained and there was so many things to do on the grounds. Plus out of town guests got to enjoy Leavenworth. Would absolutely recommend for a wedding."

Personal e-mail to me: "I never understood that your wedding could actually be the best day of your life, but I believe it now. Truly indescribable! It was all beyond our wildest dreams. Thank you so much for helping us stay true to our values, for all of your help along the way with planning, and for your help during the weekend. "

Goggle Review:" Our July 5th wedding at Tierra was beyond our wildest dreams! We were blessed with beautiful weather all weekend long.

We had our families, wedding party, and close friends stay in the cabin suites on site and we rented out Barn Canyon campground on the grounds where 30+ of our friends camped for the weekend. The amphitheater made for a magical ceremony and the lodge lawn made for a gorgeous reception dinner under the lights. We also hosted our rehearsal dinner and welcome drinks event on the meadow with lawn games taking place right alongside. Our guests loved hiking on the trails on the grounds and spending the afternoons in downtown Leavenworth 10 minutes away. The lavender field was in full bloom.

We were so grateful to find a venue that is committed to creating sustainable, low-waste events and weddings. We were able to minimize use of single use items by utilizing Tierra's plates, flatware, glasses, vases, table decor, signage, fully stocked kitchen, ice tubs and more. Tierra utilizes single stream recycling, plastic wrapper TerraCycle recycling, and industrial composting, which helped us to reduce waste. Tierra is also stocked with all of the tables and chairs and lighting needed for the wedding, which prevented the need for large deliveries from rental companies.

Jen, the manager, has a warm and calming presence. She is highly organized and answered our many questions throughout our planning journey. She helped make sure that our wedding stayed true to our values and that everything ran smoothly!

It was so lovely and rewarding to share the beauty of the PNW at Tierra with our many guests who traveled from the east coast and California.

If you are passionate about the outdoors, adventure, community, and sustainability, I highly recommend choosing Tierra as your wedding venue!"
